EXPERIENCE

WEB DEVELOPER - INTERN

Hospitality Minds [April 2024 - May 2024]

Developed responsive web applications for Hotels & Resorts using HTML, CSS, and JavaScript, ensuring cross-browser compatibility and user-friendly interfaces.

FRONTEND DEVELOPER - INTERN

Digibiz Systems [August 2023 - March 2024]

- I am actively involved in static website development projects.
- Utilizing HTML, CSS, JavaScript, and PHP to design and develop websites.
- Focus lies on achieving responsive design and ensuring cross-browser compatibility.

PROJECTS

WEBSITES WITH RESPONSIVE DESIGN

During my internship, I successfully completed projects utilizing HTML5, CSS3, JavaScript, and PHP. The developed websites are responsive design.

- <https://greenvelvetresort.in/>
- <https://www.meetaengineering.com/>
- <https://granddarshanhotel.com/>
- <https://www.adhirabeachcamping.com/>

EMOJIFY

We implemented Emojify using face recognition with machine learning and deep learning techniques. Recognize and classify facial expressions in real-time and associate them with appropriate emoji representations.

CHATBOT

This project aims to develop a college enquiry Chabot that answers any queries post by students like college details, course-related questions, location of the college, fee structure etc.
