

SUKANYA KOKANI

Web Developer

Mumbai, India | <https://sukanya2303.github.io/sukanya-kokani-portfolio/> | sukanya.kokani@gmail.com

PROFESSIONAL SUMMARY

Results-driven Frontend Developer with 1+ year of professional experience delivering 8+ client projects across web development, responsive UI, and performance-optimised interfaces. Consistently improved website load speeds by 25–35% through targeted frontend optimisation and efficient coding practices. Proficient in JavaScript (ES6+), React, GSAP animations, and Bootstrap, with practical backend integration experience in PHP and MySQL. Adept at translating design intent into polished, cross-browser-compatible user experiences that drive engagement and meet business goals.

TECHNICAL SKILLS

Frontend Technologies: HTML5, CSS3, JavaScript (ES6+), React, Bootstrap, GSAP

UI / Design & UX: Responsive Design, Animation & Micro-interactions, Mobile-first Development, Cross-browser Compatibility, UI/UX Principles, Canva, Photoshop (Basic)

Performance & SEO: Page Speed Optimisation (25–35% improvement delivered), SEO On-page Best Practices, SEMrush, Ubersuggest

Backend / Integration: PHP (form handling & backend integration), MySQL (CRUD, basic API integration)

Tools & Platforms: Git, cPanel, Mailchimp, VS Code

PROFESSIONAL EXPERIENCE

Web Developer

Aug 2024 – Present

Chronicle Ventures | Andheri, Mumbai

- Built fully responsive, mobile-first UI components using HTML5, CSS3, JavaScript, and Bootstrap, delivering pixel-perfect interfaces across all major browsers and screen sizes.
- Reduced average page load time by 25–35% per project through asset optimisation, lazy loading, and efficient CSS/JS structuring, directly improving user retention and Core Web Vitals scores.
- Implemented on-page SEO strategies including structured metadata, semantic HTML, and keyword research via SEMrush, improving organic search visibility for multiple client sites.
- Developed backend CRUD operations and database logic in PHP/MySQL, enabling dynamic, data-driven web applications with real-time content management.

- Managed end-to-end deployment, cPanel hosting configuration, and ongoing maintenance for all live client websites.

Web Developer Intern

April 2024 – May 2024

Hospitality Minds | Borivali, Mumbai

- Built responsive UI components using HTML, CSS, and JavaScript for a hospitality-sector web product, ensuring smooth rendering across mobile and desktop viewports.
- Developed and refined forms, client-side validations, and user interaction flows, reducing friction points and improving overall usability.
- Supported backend integration using PHP and MySQL.

Frontend Developer Intern

August 2023 – March 2024

Digibiz Systems | Palghar, India

- Developed responsive, accessible user interfaces using HTML, CSS, JavaScript, and Bootstrap across multiple client-facing digital products.
- Built interactive layouts and improved user experience through thoughtful component structure, visual hierarchy, and interaction design.
- Diagnosed and resolved cross-browser UI inconsistencies, ensuring consistent visual fidelity across Chrome, Firefox, Safari, and Edge.

FEATURED PROJECTS

GSAP-Driven Interactive Frontend Experiences

HTML5 · CSS3 · JavaScript · GSAP

- Built animation-driven web experiences using GSAP, scroll-triggered animations, timeline sequences, and micro-interactions.
- Optimised for mobile and performance with strong Lighthouse scores.

<https://studio-by-m.vercel.app/index.html>

Responsive Multi-Client Web Projects

HTML5 · CSS3 · JavaScript · Bootstrap · PHP · MySQL

- Delivered 5+ responsive websites for clients across industries, integrating frontend UIs with PHP/MySQL backends and SEO best practices.
- Reduced average load time by up to 35% per project via image compression, code splitting, and efficient asset management strategies.
